We've been making custom CrossFit training rigs for a while. Often, CrossFit clubs have certain space or layout requirements in mind and making custom items to fit the space or required layout can be both costly and require far greater waiting times - not good if you're opening a new gym soon.

Price from £590.00

<http://www.gymratz.co.uk/build-your-own-cross-fit-rig>

Very few gyms have enough space to cater for all the equipment they want, let alone those with a PT Studio. What was it you were after again - a monkey bar run, half-rack, TRX attachment points, Battling Rope anchor point, multiple chin bars, a rig wing, a grapppler, punchbag, and then somewhere
