Price from£420.00

<http://www.gymratz.co.uk/fatgrip-olympic-football-bar>

Our Olympic Multi-Grip Swiss Bar is a specialist weight training bar with a purpose. If you are an elite athlete and can't afford to take down time through injuries a Multi-Grip Swiss Bar

Price from£385.00

<http://www.gymratz.co.uk/olympic-multi-grip-swiss-bar>

Our Olympic Fulcrum Bar is a specialist weight training bar focussing primarily on forearm development by modified loading and off-sett fulcrum rotation of the bar. Big loads can be placed on the forearms with small increases in additional weight.

Price: £430.00

<http://www.gymratz.co.uk/olympic-fulcrum-bar>

Heavy Duty Olympic Log Bar (type 2) - Featuring parallel grips this commercial olympic log bar is light enough for beginners to develop a log bar technique but engineered to be tough enough for any heavy duty seasoned lifter. Great for all types of pressing and rowing exercises.

Price £235.00

<http://www.gymratz.co.uk/olympic-log-bar-type2>

Heavy Duty Angled Grip Olympic Log Bar - Featuring the same super tough engineering as our Type 2 Olympic Log Bar but with handles at 20 degrees off parallel for a more natural grip and a touch of workout variety.

Price: £335.00

<http://www.gymratz.co.uk/olympic-log-bar-angled>

Our Heavy Duty Rackable Cambered Squat Bar (Type2) gives a lower centre of gravity which is also further forward when squatting compared to a straight bar. The 36cm camber allows hands to be positioned lower which reduces work done by the upper back.....

Price: £460.00

<http://www.gymratz.co.uk/cambered-squat-bar-type2>

[www.GymRatZ.co.uk](http://www.GymRatZ.co.uk)

Olympic 2.5" Fat Bar (Thick Bar) - So you want to beef up your poundages? Grab a grip load of Fat Bar. We start the game with a 2" fat bar up through this bad boy at 2 1/2" and on to our fat b'std bar at 3" thick but the 2" and this 2.5" are most popular.

Price: £225.00

<http://www.gymratz.co.uk/gymratz-7ft-63mm-fat-bar>

Made in England - These 10" Log Bars have stood the test of time in many super heavy duty commercial gyms. This Log Bar is a true strong-man training tool. At 10" in diameter and 6' in length with 300m" Olympic loading ends you'll have great fun and be able to test your strength while developing it.

Price: £610.00

<http://www.gymratz.co.uk/olympic-log-bar-10-inch>

[www.GymRatZ.co.uk](http://www.GymRatZ.co.uk)

Olympic 3" Fat Bar (Thick Bar) - Ok so you want your Fat Bar to be thick? This is the thickest of the fat ones. At a full 3" thick you'll need some big old shovels to grip this bad-boy. 2" or 2.5" fat bars are the most popular but sorting the men from the boys is a job for Super-Fat 3" Bar .....

Price: £210.00

<http://www.gymratz.co.uk/gymratz-7ft-76mm-fat-bar>

Heavy Duty Olympic Frame Log Bar - Featuring parallel grips and an economical open frame design means this commercial olympic log bar is light enough for beginners to develop a log bar technique but super tough with simple fabrication and design for maximum economy.

Price: £170.00

<http://www.gymratz.co.uk/olympic-log-bar-skeleton>
